# **Frequently Asked Questions - FAQs**

#### 1. Is MLP customizable?

MLP is customizable from colors to buttons, site text and so forth. You have full access to many customization options.

#### 2. Does WestNet's name appear on my version of the LMS site? NO, it is your site. WestNet is not seen as we are your background partner.

#### 3. What sign-in options will I have for user authentication?

There are two (2) basic forms of authentication available.

- Standard sign-in using username and password.
- Single sign-on: this is auto-authentication linking across from your website where the user has already signed in.

#### 4. Do you have various billing options for the LMS fee? Yes, the largest discounts come with annual pre-payment.

#### 5. Is eCommerce included or can I add my own?

The eCommerce module allows you to set your own payment gateway. Should you not have a payment gateway, you can utilize WestNet's gateway for a nominal fee per transaction.

#### 6. Can I load 3<sup>rd</sup> party content?

Absolutely -- you can license any of the 2500 off-the-shelf eCourses from WestNet's catalog **OR** you can license eCourses from **ANY** supplier you wish – no restrictions.

## 7. Are there additional charges for bandwidth and storage?

NO, all fees for bandwidth and storage are included in the LMS fee.

#### 8. What happens to the user's history when I deactivate that user?

All learning history is secure and saved. Users are deactivated but NOT deleted. So you may reactivate a user at any time and their history is preserved.

#### 9. Are we charged for deactivated users?

NO, user fees are assessed ONLY for active users, deactivated user licenses can be reused for other additional users.

#### 10. Can MLP sync with our HRIS system, i.e. PeopleSoft, Sales Force?

Absolutely -- this process is accomplished with scheduled sync to keep your systems up-to-date. You set the schedule.
